SUMMER CAMP!

Exploring the
Coast

CCP Half Moon Bay

Welcome to CCP SUMMER CAMPS!

Dear CCP Families,

Welcome to Week 1 of our Summer Camp! There have been a few changes to the camp and we are looking at more time off of the Hatch Elementary School campus area – so please try to make it to camp before 10am!

This week's experience includes making banana splits, volunteering at the preschool, and taking walking field trips onto Main Street. The teachers are geared up for a high energy first week of camp – and an even higher energy week for the older kids!

All weeks of camp are starting to fill up and there are limited slots this year – so remember to sign up before the slots are taken! Our **sports camps** are extra popular with a good mix of both boys and girls!

Best,

CCP Summer Camp Teachers &
Directors
